TBI SMART HOME SOLUTIONS

SECURITY · CONTROL · CONVENIENCE

Experience Effortless Energy Management

Achieve real savings without sacrificing comfort with an Energy Management solution that automatically adjusts to you. Anywhere, anytime control of lights and thermostats means that you can stop wasting energy and start taking control of your energy bills!

Climate & Ambiance Control

Set easily customizable schedules or adjust lights and thermostats anytime through a single app so you can always come home to a comfortable environment.

A Smarter Thermostat

Integrating data from all the connected sensors in your home with external weather conditions and even your location can help your system optimize your home climate.

Intelligent Lighting

Set schedules to turn lights on and off at specific times or automatically at sunrise and sunset. Make it look like you're home even when you're away.

Measurable Results

Get real insight into your energy and see where you're consuming the most. Then easily make changes that can have real impact on your bills.

Exclusive Energy Management Features

Temperature Sensors: Monitor and control temperatures in the areas of your home that matter most.

Energy Saving Lights: Use integrated energy efficient LED lightbulbs to save money and control energy costs.

Geo-Services: Use your location to automatically adjust your thermostat and save energy.

Extreme Temps: Your thermostat can automatically adjust on extremely hot or cold days to reduce energy costs.

Activity Patterns: Adjust your thermostat settings based on actual activity throughout your home.

Give Back, Get Back: Easily take advantage of energy savings programs that may be offered by your local utility. Earn rewards like cash back for reducing your consumption during peak periods.

Get More From Your Smart Home

An Alarm.com powered system is designed to provide a single integrated Smart Home solution. Having important systems like security and energy management working together makes them more affective and efficient for your home.

Save. Conserve. Customize.

- ✓ Connect and control your lights and thermostats from anywhere
- ✓ Customize light and thermostat schedules
- ✓ Use energy-saving templates to help reduce your energy bills
- ✓ Receive alerts when your thermostat settings change
